## **Heats & Finals**

There will be 4 heats for the 60m, 80m, & 100m events. The winners from each heat and the 2 fastest losers (the technical term) will move on to the final.

The B final will consist of the 6 fastest times to not make the final.

If we have more than 24 entries for these events, we will select the winner of each heat only and have 6 heats. If for some reason we have more than 36 entries for an event we will

select the 6 fastest times to move onto the final, and the next 6 fastest times to make the B final.

Athletes will be placed in heats based on the 4 to 6 fastest times in previous competitions. All other athletes will be placed in heats on random selection.

One false start disqualification rule will be implemented.
